Challenges for HydroSOS

In total 112 replies given: main challenge = DATA

Grouping of Challenges to HydroSOS

- Data: 36
- Capacity: 7
- Other: 7
- Users: 8
- End-Products: 7
- Modelling: 16
- Funding: 24
- Scale: 1
- Time-period: 6
Yes – Many challenges but we have made a start here

Responsibility of delivery of HydroSOS lies with all of us
Need to build a community for HydroSOS for it to be successful

Raise awareness by talking about the work we have started here
Thinking on the **Challenges** for HydroSOS:

Generally: can these challenges be overcome?

Any new ones to include?
Thinking on the **Wishes** for HydroSOS:

Generally: are these still relevant?

Any missing?

Processes to be inclusive – who else to involve in HydroSOS
Thank You
