

**Rapporteur on Climate Extremes
Randall Cerveny (USA)**

Terms of Reference:

- (a) To work with the Expert Team on Climate Monitoring including the Use of Satellite and Marine Data and Products to create guidelines and information on verification of national, regional and global extremes;
- (b) To work with the CCI Implementation and Coordination Team on the creation, verification and documentation of a database of national, regional and global extremes;
- (c) To take the lead in creating and maintaining a database of extreme records;
- (d) To develop guidelines and recommendations for continuing this record of extremes beyond the current intersessional CCI term;
- (e) To submit reports in accordance with timetables established by the OPAG chair and/or Management Group.
