RATIONALE

- **RCOFs requires action by stakeholders at global, regional and national levels, both within and outside of the Climate community**
- **Coordination helps to address duplication /gaps and can create economies of scale**

FUNCTIONS OF COORDINATION BY RCCs

- ✓ **Assessing and identifying priorities**
- ✓ **Establishing and maintaining operational relationships/partnerships between stakeholders**
- ✓ **Sharing information , raising awareness and monitoring stakeholders**
- ✓ **Managing joint decisions and action**
- ✓ **Innovating using user feedbacks (e.g move to impacts/risk assessments, partnerships for preparation/response)**

WAY FORWARD

- ✓ Identify collaborative endeavors with GPCs, LCs and NMHSs
- ✓ Establish horizontal activities with other RCC
- ✓ Identify Regional users and establish required interfaces
- ✓ (help Desk, clearing houses...)
- ✓ Support establishment and operation of NCOFs and NFCs
- ✓ Undertake regional collaborative research and training
- ✓ Formulate regional project and programmes, mobilize resources and implement
