Hi Jennifer

Hope you are well? Missed catching you whilst JCOMM-5 was on last month.

Could you please update METAREA XVI with only Peru contact details? See note from Peru below.

We have now completed the transition from USA to Peru - so important to update WMO 9, Vol D.

Regards
Neal Moodie

Could you please refer to this link, and provide new address and contact information for your organisation? We will remove Wayne Presnell and the USA contact details.

Thanks.
