The Governance of WMO Monitoring and Evaluation (M&E) System

**CONGRESS**
- Approves the WMO Strategic Plan and Results-Based Budget for the implementation of which is monitored by the M&E system;
- Decides on the M&E System;
- Considers M&E reports.

**EXECUTIVE COUNCIL**
- Responsible to the Congress for the implementation and further development of the M&E system between congressional sessions;
- Considers M&E reports and decides on further improvements of the system;
- Establishes the Working Group on Strategic and Operational Planning (WG/SOP) to analyze and recommend actions;

**EC WG/SOP**
- Considers M&E reports and decides on further improvements of the system;
- Proposes to EC measures to improve and align the M&E system to capture essential information on progress on deliverables, impacts of achieved results on members, strengths, weaknesses, lessons learned and proposed improvements through evaluation reports;
- Recommends to EC appropriate actions to improve the system and performance;

**SECRETARIAT**
- Develops and presents M&E system to EC WG/SOP for consideration and presentation to EC for approval;
- Implements the M&E system by gathering and compiling reports on departmental self assessment and impacts of achieved results on Members;
- Integrates the information from M&E into action to enhance performance and in the preparation of biennial budgets and plans;
- Presents reports on progress to sessions of constituent bodies;
- Uses the information to identify and focus on Members’ needs.

**AUDIT COMMITTEE**
- Reviews the functioning of the M&E system and makes recommendations to EC.

**REGIONAL ASSOCIATIONS**
- Monitor implementation of their operating plans;
- Report to Executive Council and Congress.

**TECHNICAL COMMISSIONS**
- Monitor implementation of their operating plans;
- Report to Executive Council and Congress.

**MEMBERS**
- Provide information on impacts of achieved results on Members by responding to a survey.
