<http://www.vainhotel.com/>

Mine Hotel - Booking rating 9.1

Gorriti 4770, Palermo Soho, Buenos Aires ,1425, Argentina
<http://www.minehotel.com/>

Hotels were ordered by proximity to Servicio Meteorológico Nacional

Area Map

All hotels include breakfast in the service. Exceptions can be available at hotel web services (trivago, booking, etc.) to reduce the price.

For other hotels, see <http://www.booking.com/>

For rental of furnished apartments, see <http://www.bairesapartments.com/>

Note that there are few buses coming to Venue, we recommend that you find your lodging close to **Palermo** area.

2. Venue

Servicio Meteorologico Nacional (SMN)

Av. Dorrego 4019, Buenos Aires

How to get to SMN? A transfer from SMN will be provided from a meeting point close to hotel area every morning at 8:30 am. Meeting point will be decided considering the hotel with larger number of participants.

Buses to SMN are 37, 160 and 130.

You need a SUBE card to pay the bus. You can buy SUBE card at different shops around the city.

The price of the ticket is AR\$ 6 to 6,50 depending on the distance.

3. How to arrive to Buenos Aires

Buenos Aires is well-connected and easy to reach, with two international airports.

Airports

Buenos Aires is served by two international airports:

Most international long-haul flights arrive at **Ministro Pistarini International Airport (EZE)**, in Ezeiza, 22km (14 miles) from the city.

Many domestic flights, and flights from neighbouring countries, arrive at **Jorge Newbery Airport, known as Aeroparque (AEP)**, in the city itself, in the neighbourhood of Palermo. Aeroparque gateway is 8 minutes (4 km) to Servicio Meteorologico Nacional - Venue.

Flights

Airlines operating flights to Buenos Aires include: Aeromexico, Air Canada, Air Class, Air Europa, Air France, Air New Zealand, Avianca, British Airways, Conviasa, Copa Airlines, Cubana, Delta Air Lines, Emirates, Gol, Iberia, KLM, LATAM, Lufthansa, Malaysia Airlines, Qatar Airways, Sky Airline, South African Airways, Swiss Airlines, TACA, TAME, Turkish Airlines, and United Airlines.

It is interesting to consider LATAM airline, because it has international connecting flight from San Paulo (Brazil) and Santiago (Chile) with multiple cities around the globe arriving at Aeroparque. In spite you have to include a connection in your flight, sometimes is faster than travel in/out EZE where traffic in afternoon can be very crowded.

4. Transportation from/to Ezeiza Airport (Ministro Pistarini):

Ezeiza International Airport is located at about 35 km from downtown Buenos Aires, outside the city. There is only one regular bus line from the airport and we do not advise to take it.

How to reach the Hotel?

Bus Manuel Tienda Leon company (www.tiendaleon.com.ar)

Go to the Stand of Manuel Tienda Leon as soon as you leave the Customs Area.
Take a bus of Tienda Leon to Aeroparque (local airport in the city); they leave every hour.
The travel will take about one hour depending on the traffic.
Then Take a taxi from Aeroparque to the hotel.
Bus Cost: AR\$ 220 - (USD 15 - currency at Jun 27, 2017)

Bus ArBus (arbus.com.ar/en)

This company provide a similar service as Manuel Tienda Leon between Ezeiza and Aeroparque. Bus Cost: AR\$ 180 (USD 12 - currency at Jun 27, 2017)

Taxi (www.taxiezeiza.com.ar)

Go to the Stand of Taxi Ezeiza as soon as you leave the Customs Area.
You can make a reservation in advance Taxi official site.
The price is AR\$ 580 (USD 37 - currency at Jun 27, 2017) from Ezeiza to any point of Buenos Aires city. You have to pay at the Taxi stand or in advance at home page. You DO NOT have to pay to the driver.

Important: we strongly recommend for your own safety, DO NOT contract transport services from free-lance drivers or taxi on street outside the airport hall.

5. Exchange Rate

Dollars and euros can be exchanged at an approximate exchange rate of 15.5/16.2 pesos per dollar (June 27 2017). There is an exchange office at the Ezeiza International Airport where you can buy AR\$, however we do not recommend exchanging large amounts as the rate at the airport is lower than in the city. In addition, in Buenos Aires you can change dollars in many official exchange offices and banks. For information on exchange rates, visit <http://www.dolarhoy.com/>

6. Power supply

Voltage: 220 volts, 50 Hertz

This is the official type of socket.

7. Telephone Codes

Country code = 54, Buenos Aires city code = 11, cell phones: 54-9-11

8. Credit Cards and Automatic Tellers

Major credit and debit cards are accepted in most hotels and restaurants in Buenos Aires. Automatic tellers are numerous around the city. They may be used to obtain cash through the major credit cards like Visa and Mastercard.

9. Information about Buenos Aires

www.buenosaires.gov.ar/areas/turismo/index.php

www.turismo.gov.ar

www.welcomeargentina.com

www.todotango.com.ar

www.studentsoftheworld.info/pageinfo_pays.php3?Pays=ARG

10. Security

Buenos Aires is, generally speaking, a safe city, however, it is still a big city. If you bear in mind the following recommendations, you will enjoy your stay without major problems:

- Keep your passport, air tickets and cash in your hotel safe
- Do not walk on lonely streets or parks at night
- Do not stop taxis on the street after 10 pm. Call radio taxis at hotel or restaurants. Local Taxi drivers complain about Uber, in order to avoid unexpected situations we recommend do not consider this service.

11. Weather

In August the weather is cool during the day and cold at night. On sunny days with weak wind temperature is comfortable at noon and in the early afternoon.

Mean temperature in August is about 12.3°C.

Mean maximum temperature in August: 17.1 °C

Mean minimum temperature in August: 8.3 °C
