

## Q1 Did you attend WMO/CIMO TECO-2016 Conference in Madrid (Spain)?

Answered: 134 Skipped: 0

ANSWER CHOICES	RESPONSES
Yes	89.55% 120
No	10.45% 14
TOTAL	134

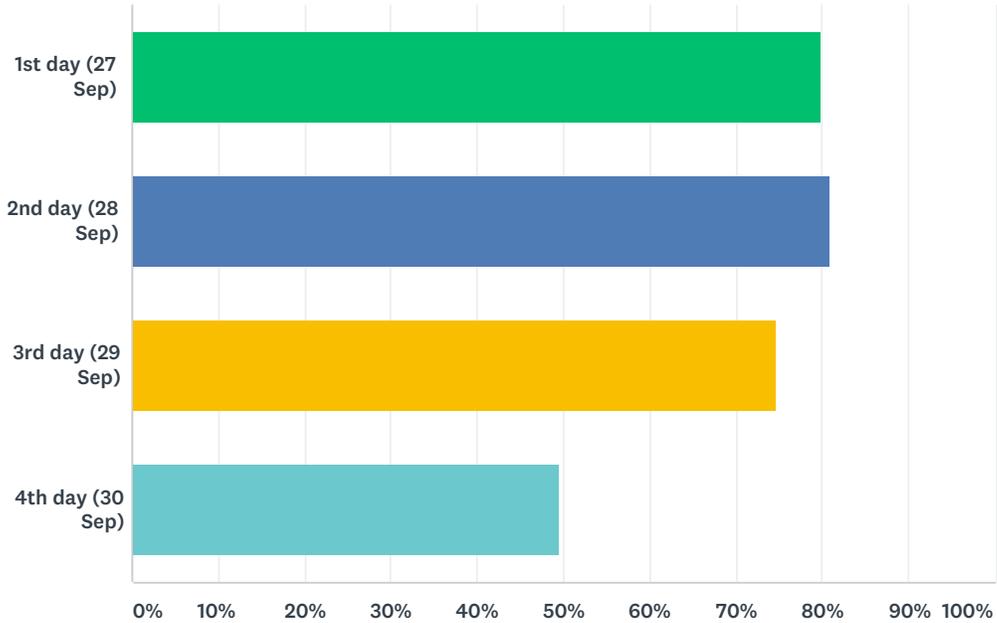

## Q2 Please let us know why you had registered but did not attend CIMO-TECO 2016:

Answered: 9 Skipped: 125

#	RESPONSES	DATE
1	I didn't get financial support	10/21/2016 7:41 PM
2	Because of the lack of funding , who can attend the cimo-teco funded by CMA must be decided by the leaders.	10/20/2016 1:43 AM
3	I COULD NOT GET FINANCING	10/19/2016 3:59 PM
4	I was unable to acquire financial support for my participation	10/19/2016 2:57 PM
5	MY PR IN NIGERIA TO WMO REFUSED TO SIGN MY RELEASE,PLEASE MAKE SURE OTHER WAYS OF PARTICIPATES FROM DEVELOPING COUNTRIES LIKE ME THE PR REFUSED TO SIGN THERE RELEASE WMO CAN SPONSOR WITHOUT THE PR APPROVAL..I HAD RESEARCH PAPER TO PRESENT BUT I DIDNOT COME, PLEASE ASK THE PR NIGERIA TO WMO WHY HE DID NOT RELEASE ME..	10/19/2016 2:51 PM
6	asfd	10/19/2016 1:38 PM
7	WMO administrators of CIMO-TECO has lost my application for financial assistance for my participation to Madrid. My paper was accepted for poster presentation,	10/19/2016 11:28 AM
8	we could not get the sponsorship for the programme.	10/19/2016 11:15 AM
9	I was busy with the expo most of the time	10/19/2016 8:41 AM

### Q3 You attended CIMO-TECO 2016 on:

Answered: 115 Skipped: 19

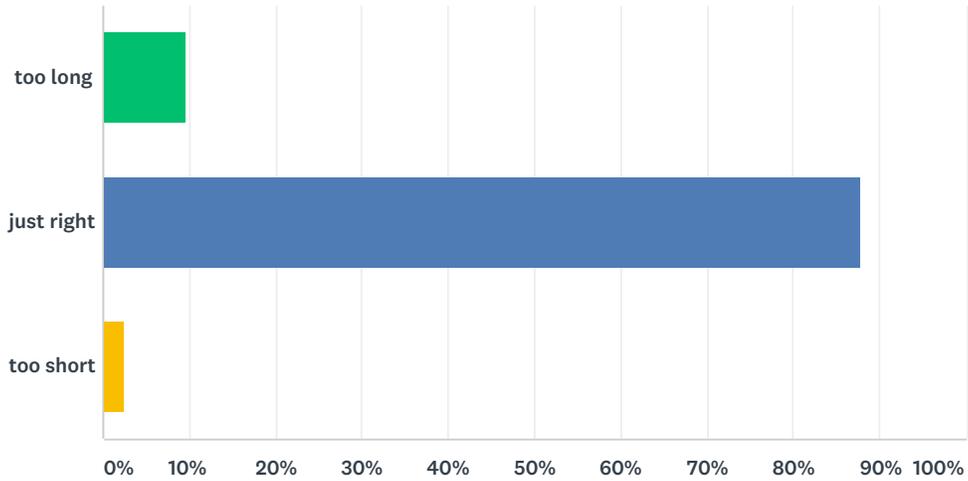

ANSWER CHOICES	RESPONSES	
1st day (27 Sep)	80.00%	92
2nd day (28 Sep)	80.87%	93
3rd day (29 Sep)	74.78%	86
4th day (30 Sep)	49.57%	57
Total Respondents: 115		

### Q4 You found the duration of CIMO-TECO 2016 to be:

Answered: 115 Skipped: 19

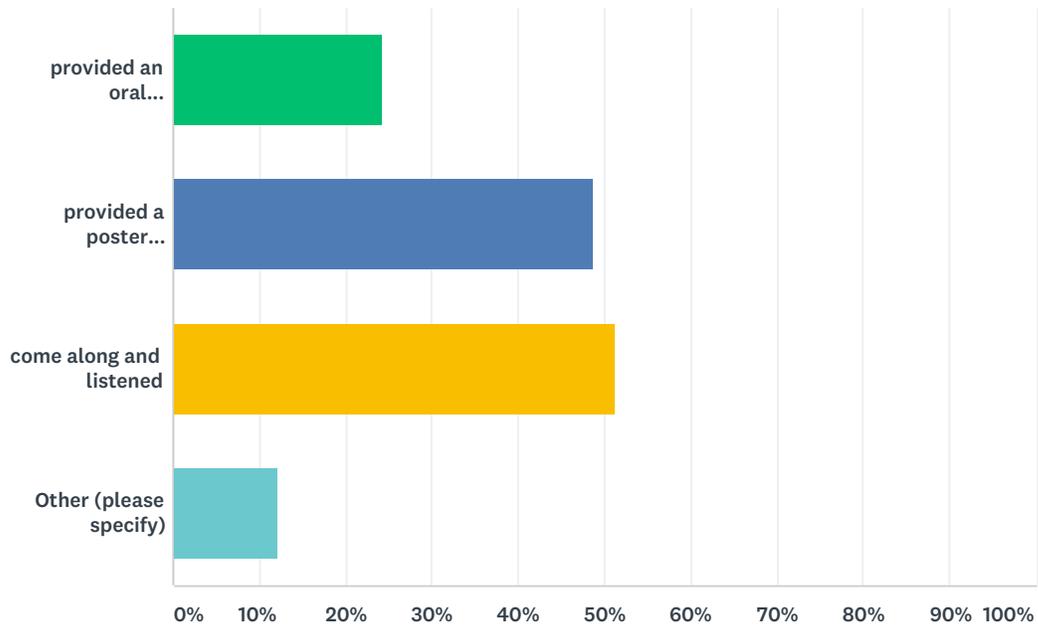

## WMO/CIMO-TECO 2016 Feedback Survey

ANSWER CHOICES	RESPONSES
too long	9.57% 11
just right	87.83% 101
too short	2.61% 3

too late to organize your travel	0.00%	0
TOTAL		29

## Q11 What suggestions can you provide that might help us to improve the organization of the next CIMO-TECO?

Answered: 27 Skipped: 107

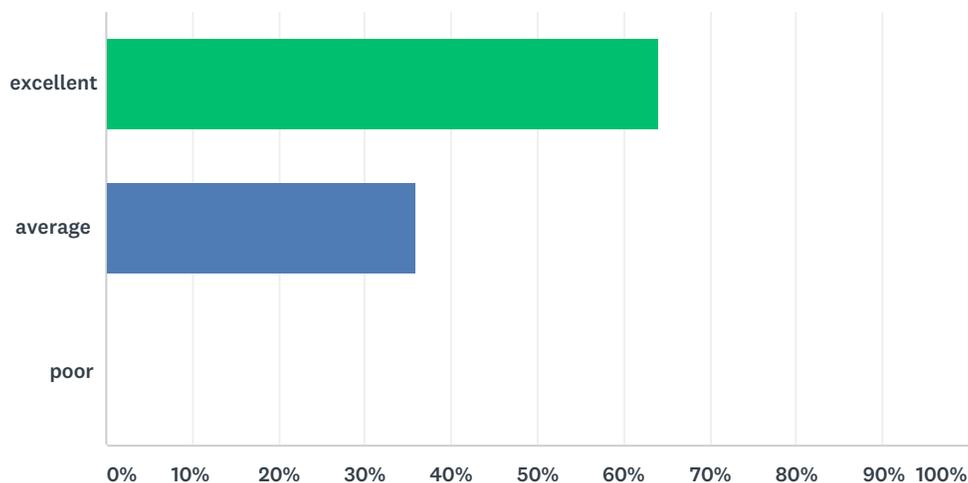

#	RESPONSES	DATE
1	I want to see poster files on the TECO website.	11/9/2016 11:57 AM
2	The poster were treated horribly. Have less talks and real poster sessions.	11/5/2016 1:09 PM
3	more clarity on how/when to provide the presentations to the secretariat.	11/2/2016 10:34 PM
4	Only criticism was the external noise at times made hearing presentations difficult at times.	11/2/2016 12:29 AM
5	A great Event, try to organize the Catering directly on site at the poster session, thus the participants staying on the spot while having their coffee or lunch breaks	10/24/2016 7:53 PM
6	Better WiFi :-)	10/20/2016 9:54 AM
7	The paper was due during the summer (Northern Hemisphere), I was away for a significant amount of this time so had only a very short time in which to write it. We were also waiting on results to go into the final presentation so the paper submitted was lacking in results due to how much before the event it had to be sent.	10/20/2016 9:19 AM
8	Allow parallel sessions and focused roundtables. Continue to host metrology events	10/20/2016 8:32 AM
9	Communication and arrangements in time	10/20/2016 8:22 AM

## WMO/CIMO-TECO 2016 Feedback Survey

10	More Marine instruments and talks, maybe consider adding an extra day and allow marine talks as well	10/19/2016 10:06 PM
11	Organization was excellent!	10/19/2016 8:23 PM
12	Organization was great. No need to improve. :-) It was well reflected that the current way of working needs an excellent access to the internet. That should be kept.	10/19/2016 2:49 PM
13	It was my first time, the subjects were all very interesting, some served to clarify doubts and improve procedures. Unfortunately tube long enough to visit the exhibition of meteorological equipment time. Perhaps if the first day was given half a day to see the exhibition, I think that would complement well the visista. thanks for everything.	10/19/2016 1:48 PM
14	Because I registered early and I kept receiving mails to register myself, I did it twice...	10/19/2016 12:50 PM
15	Avoid noise, globally. Make our days a bit long!	10/19/2016 11:51 AM
16	-	10/19/2016 11:32 AM
17	Conference was well run and kept reasonably to time.	10/19/2016 11:07 AM
18	-	10/19/2016 11:04 AM
19	Shuttle service from some hotels to the conference venue would be fine. (old standard at AMS meetings)	10/19/2016 10:56 AM
20	Make abstracts available before TECO.	10/19/2016 10:52 AM
21	Keep space for WMO Education and Training Office, enhancing connection between WMO projects/intercomparisons campaign and WMO Regional Training Centers activities	10/19/2016 10:22 AM
22	Don't ask for Extended Abstract, bur provide recorded presentation with slides instead	10/19/2016 10:14 AM
23	the 'one minute' posters presentations encourages participation - more please, but also maybe reduce the abstracts to a sentence or to increase the 'right-now' feeling.	10/19/2016 9:22 AM
24	keep it going	10/19/2016 9:16 AM
25	Longer time for poster presentation	10/19/2016 8:57 AM
26	More dedicated poster sessions, with drinks	10/19/2016 8:55 AM
27	no	10/19/2016 8:44 AM

## Q16 What topics would you propose for discussion sessions for the next CIMO-TECO event?

Answered: 31 Skipped: 103

#	RESPONSES	DATE
1	Climate reference stations How to ensure that the instrumentation does not change and can be bought in several decades.	11/5/2016 1:09 PM
2	Was slightly surprised at lack of Mercury replacement discussion/options. Soil moisture.	11/2/2016 12:29 AM
3	Working with non-NMHS Partner data	10/20/2016 9:54 AM
4	Opportunistic and emerging observation opportunities.	10/20/2016 9:19 AM
5	Definition, implementation and related aspects (including costs, networking) of "reference grade installations" for different needs and purposes.	10/20/2016 8:32 AM
6	Migration from mercury thermometers	10/20/2016 8:22 AM
7	more detail of using Big Data and lot	10/20/2016 12:47 AM
8	Building a met-ocean sustainable infrastructure	10/19/2016 10:06 PM
9	Co-benefits of measuring physical parameters and chemical composition; similarities of guiding principles for IMO and how we can collaborate more effectively across disciplines	10/19/2016 8:23 PM
10	Focus more on managing instrumentation parks and crafts materials that related to him.	10/19/2016 8:17 PM
11	The problematic of automated observations in poor countries	10/19/2016 6:20 PM
12	Continue on crowd sourcing. Meta sensors: combining ground based observations with other sources (space based, model assimilation, model output, data from third party, ...) to derive "observation" of meteorological parameters.	10/19/2016 2:49 PM
13	The automatitaiton in National Weather Services and the changes in the profiles of technical staff	10/19/2016 2:09 PM
14	no opinion	10/19/2016 1:48 PM
15	Observations from Public-Private-Partnerships such as the Aircraft Based Observations Programme.	10/19/2016 1:41 PM
16	Aviation Meteorology and relationship btw air pollution and Meteorology	10/19/2016 12:00 PM
17	Standardized final data format and contents (values, uncertainties, site classifications etc.). (to improve exchanges)	10/19/2016 11:51 AM
18	asimilation and verification	10/19/2016 11:32 AM
19	I would find it beneficial if more hands-on best practices from the field could be discussed	10/19/2016 11:04 AM
20	Discussion on sensor tests (ongoing and in preparation) and possibilities to exchange information/join/collaborate. What are your main issues or what are you looking for at TECO Both might need preparation in advance.	10/19/2016 10:52 AM
21	Integration between official AWS networks and third party networks	10/19/2016 10:22 AM
22	Integration of Systems to provide enhanced products --> design of adapted Networks (which Technology where)	10/19/2016 10:14 AM
23	Advanced Weather Radar	10/19/2016 9:45 AM
24	Data quality control: human vs automatic. How much manual CQ is still needed?	10/19/2016 9:37 AM
25	New and better ways of thinking in regard to how we measure precipitation - not just trying to improve current methods	10/19/2016 9:35 AM
26	Quality of air.	10/19/2016 9:33 AM

## WMO/CIMO-TECO 2016 Feedback Survey

27	Single parameter/instrument measurements can have uncertainty well expressed. However, we will move toward providing more outputs that are merged with other measurement systems. Expressing the uncertainties becomes much more difficult. Discuss...	10/19/2016 9:22 AM
28	..	10/19/2016 9:16 AM
29	measurements to cater for extreme weather and measurements over the Tundra areas	10/19/2016 8:57 AM
30	Future intercomparisons Development of synergetic products	10/19/2016 8:55 AM
31	Metrological aspects for meteorological applications.	10/19/2016 8:44 AM

### Q17 What suggestions can you provide that might help us to improve the scientific balance and content of the next CIMO-TECO?

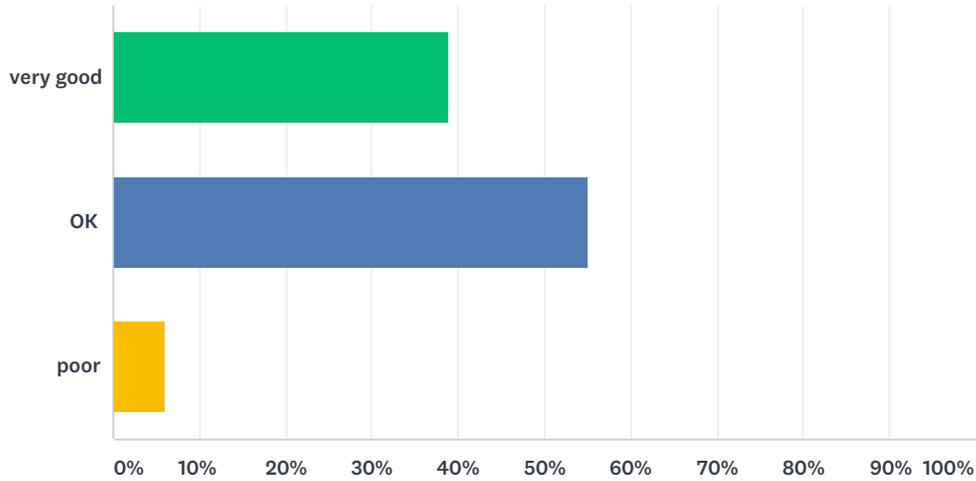

Answered: 16 Skipped: 118

#	RESPONSES	DATE
1	Posters can be valuable if you treat them with respect.	11/5/2016 1:09 PM
2	1 minute poster sessions excellent and group discussion were also worthwhile. Being held with other groups/commissions could be helpful. Really got good benefit from MMC and also contributions from others such as SatComm and JComm.	11/2/2016 12:29 AM
3	Dedicated poster session, not just during the breaks	10/21/2016 11:07 AM
4	Unsure.	10/20/2016 9:19 AM
5	More sessions on cross relating areas between Instrumentation, measurements techniques and Climatology	10/20/2016 8:32 AM
6	Add Marine	10/19/2016 10:06 PM
7	More time for poster sessions; make available electronic versions of posters for offline reading	10/19/2016 8:23 PM
8	To publish conference proceedings with Unique Identifier ISBN and Conference Editors	10/19/2016 2:09 PM
9	no opinion	10/19/2016 1:48 PM
10	Avoid too commercial "presentations" that just look like advertising. Make sure the chairmen respect the times! (avoid far too long presentations [that are usually just poorly prepared])	10/19/2016 11:51 AM
11	Video presentation can be accessed easily via the internet.	10/19/2016 11:32 AM
12	peer reviewed papers	10/19/2016 9:52 AM
13	..	10/19/2016 9:16 AM
14	Topics like remote sensing were spread over several days, but should be put together in one or two days.	10/19/2016 9:10 AM
15	Materials presented in the Panel discussion sessions promulgated to participants before the Conference so that more preparation can be carried out.	10/19/2016 8:57 AM
16	Less posters or more space for them.	10/19/2016 8:44 AM

## Q22 What suggestions can you provide that might help us to improve the venue for the next CIMO-TECO event?

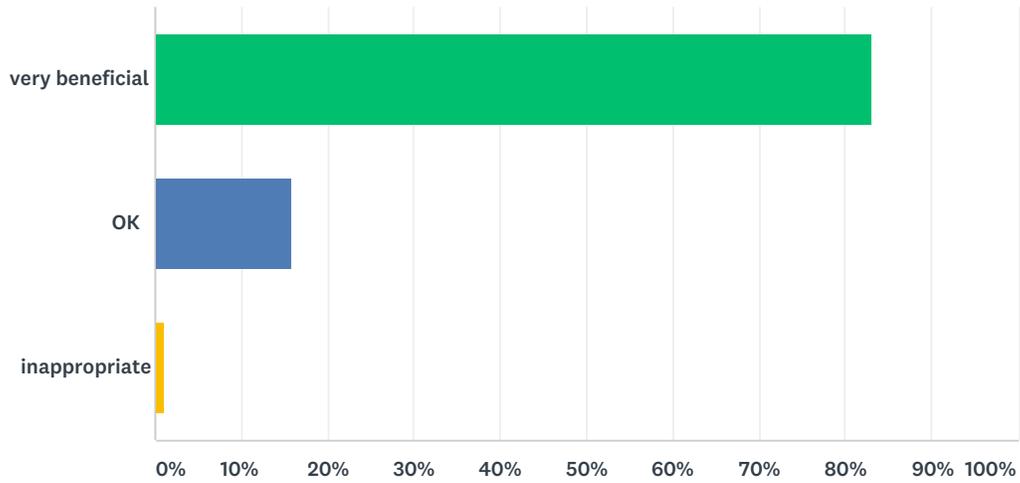

Answered: 24 Skipped: 110

#	RESPONSES	DATE
1	Poster area was far from the cafeteria.	11/9/2016 11:57 AM
2	Better food. Preferably a location where you can eat outside of the conference centre where competition provides better quality.	11/5/2016 1:09 PM
3	External noise control	11/2/2016 12:29 AM
4	I though the availability of alternative refreshment/meal venues (the nearby fast food outlets) was useful. There were better options there.	10/31/2016 12:16 PM
5	Please, better light conditions next time in the poster área.	10/24/2016 3:21 PM
6	The venue was enormous and not very friendly, food was groce. But for such a big event its probably difficult to find a small an nice Location.	10/20/2016 9:54 AM
7	Some more space around the posters.	10/20/2016 9:19 AM
8	The space for posters was cramped not allowing proper discussion also rendering the 1-minute presentations moot.	10/20/2016 8:45 AM
9	A room with a roof!	10/20/2016 8:32 AM
10	enough room at one place other than changes	10/20/2016 8:22 AM
11	It was a bit isolated and demanded a lot of travel in AM and PM while there was not a "healthier" meal options	10/19/2016 10:06 PM
12	Madrid was great. :-)	10/19/2016 2:49 PM
13	no opinion	10/19/2016 1:48 PM
14	A venue with many hotels close by is preferred. Otherwise way too much time and money is spent in transport.	10/19/2016 1:41 PM
15	As said before, avoid noisy places. Better food thereabout would be appreciated. (but I'm perfectly aware that it is a bit tricky)	10/19/2016 11:51 AM
16	provided free drinks around the site ( fresh water)	10/19/2016 11:32 AM
17	Quieter auditorium. I liked that that there was only one strand - i.e. only one presentation at a time.	10/19/2016 11:07 AM
18	- bigger poster area with more space to discuss in groups	10/19/2016 11:04 AM
19	Poster session after 18h (with drinks/snacks?)	10/19/2016 10:52 AM
20	the availability of good food was very very bad. The only thing available was overpriced artificial genetically modified crap. Which is ridiculous in a place like Madrid, which has high standards of gastronomy.	10/19/2016 9:52 AM
21	More lighting on the posters	10/19/2016 9:35 AM
22	Background noise could be harsh at times	10/19/2016 9:22 AM
23	..	10/19/2016 9:16 AM
24	There was poor lightning to read in the poster location, otherwise excellent!	10/19/2016 8:44 AM

## Q23 This year CIMO TECO took place in conjunction with, and integrated

with, Meteorological Technology World Expo. You found this to be:

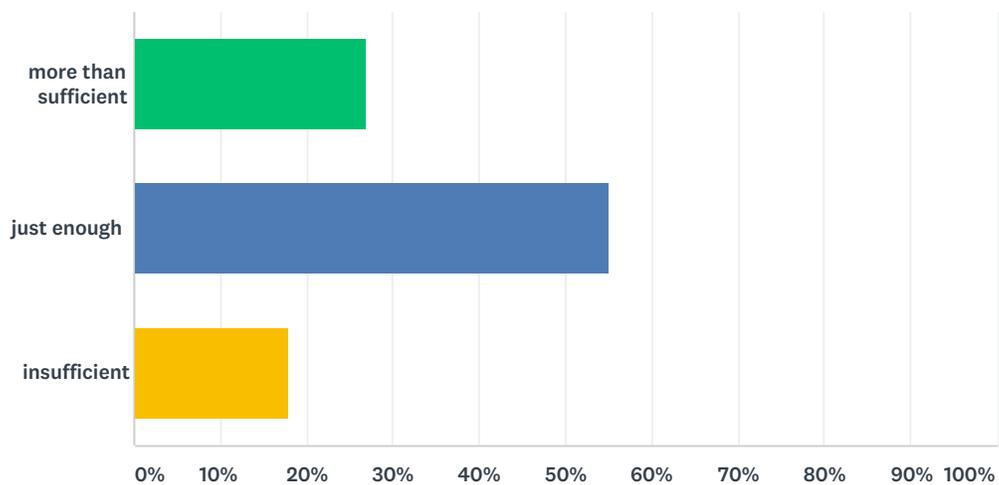

Answered: 100 Skipped: 34

worthwhile overall	32.00%	32
not worthwhile	1.00%	1
<b>TOTAL</b>		<b>100</b>

Q28 If you have additional and specific suggestions for the improvement of any aspects of CIMO-TECO, please share them with us.

Answered: 19 Skipped: 115

#	RESPONSES	DATE
1	More earlier announcement is beneficial for me. Thank you Roger, Isabelle, Krunoslav for organizing TECO-2016 !	11/9/2016 11:57 AM
2	Please tell Meteorological Technology World Expo to stop their email and mailing harassment. I was forced to answer 6, 7, 8, 9, while I did not have an answer. Checked the middle "just" options.	11/5/2016 1:09 PM
3	I think it would be useful to see presentations on the methods and processes used to implement networks of observation stations. Also including the challenges faced by Met. Services in implementing networks.	10/31/2016 12:16 PM
4	Whilst having the 1 minute slot to present the posters was good it was very unclear when it was expected for poster presenters to be with their posters. This made it difficult to find the person to talk to about any given poster. Whilst there was lots of time, if it is designated lunch/poster presentation some people will get food first and some later, splitting the time into a designated poster time and lunch time would be clearer to participants.	10/20/2016 9:19 AM

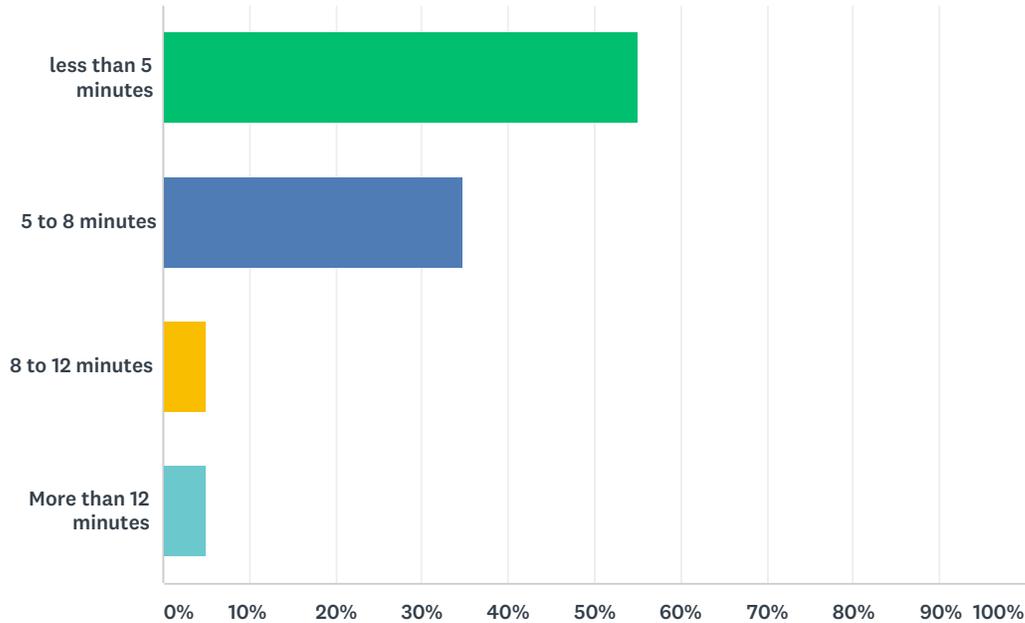

## WMO/CIMO-TECO 2016 Feedback Survey

5	CIMO-TECO was organized in an excellent way by an excellent team. Keep that spirit, and keep that team. :-)	10/19/2016 2:49 PM
6	1) To publish conference proceedings with Unique Identifier ISBN and Conference Editors 2) Confirmation by email when the paper is submitted and after registration 3) Certificate of attendance	10/19/2016 2:09 PM
7	completed presentations to deliver presentations conferences, in order to spread the work, since taking notes or take pictures, finally becomes a disorder by the amount of exposures.	10/19/2016 1:48 PM
8	The Schedule of CIMO TECO and the conference on Metrology for Meteorology and Climate was not well coordinated so you could not attend both conferences.	10/19/2016 12:20 PM
9	For those attending both MMC and TECO, day 1 (MMC) and day 2 (TECO) looked pretty the same and seem to basically separate metrologists from meteorologists. It would maybe better to merge that totally.	10/19/2016 11:51 AM
10	At the party drink should be served non-alcoholic beverages (fresh water, juice or cola)	10/19/2016 11:32 AM
11	Sharing a distribution list of attendees (with their permission) would be helpful.	10/19/2016 11:07 AM
12	To combine CIMO TECO; MMC and Meteo Tech Int World Expo is a bit too much in parallel. I would prefer to have one conference and exhibition in parallel would be sufficient.	10/19/2016 11:04 AM
13	It is good to organize TECO in conjunction with MTWE, MMC etc, but unfortunately that means one has to make choices. I heard some talks (??) at MMC and TECO.	10/19/2016 10:52 AM
14	You should think of defining the specific time slots for poster sessions (aside from the coffee or lunch break), as it is done conventionally at scientific conferences.	10/19/2016 10:31 AM
15	I would have liked to have a list (name and organisation) of registered participants. I'm aware that many people register who do not attend - even so the list would include most (probably all) that do attend and would be very useful. It would be useful if the app or a downloadable programme for the exhibition was searchable by keyword - would make a significant difference in my ability to see what I wanted in the short time available to me	10/19/2016 10:12 AM
16	The CIMO-TECO was a bit in the back of the meteo expo. This maybe could have been better.	10/19/2016 9:52 AM
17	Many of us took the opportunity to have 'side meetings' - CIMO ETs etc. But it was hard to fit these in with our busy programme. Maybe having an 'extended break' at some point that was the 'suggested' time for side meetings?	10/19/2016 9:22 AM
18	..	10/19/2016 9:16 AM
19	I was disappointed that there were at least two talks given at MMC which were essentially repeated in the CIMO meeting.	10/19/2016 8:47 AM

**Q29 Thank you! Please let us know how long it took you to complete the survey**
